2:15 pm		Industry Roundtable	Industry Roundtable
3:45 pm	Programming Contest Awards Ceremony Featured Presenter: Dr. Bart Ng, Dean, IUPUI School of Science		

**TEACHER TRAINING WORKSHOPS**  
Workshops cover the latest in computer science, such as web development using new technologies like C3 and game development with Blender. *Participation in the full day earns 2 CRUs.*

**STUDENT PROGRAMMING CONTEST**  
Our 4th annual high school programming contest gives up to thirty teams of two the chance to compete in solving complex problems with software solutions. Students should be familiar with procedural or object-oriented programming languages such as C, C++, or Java. Contestants will also meet Microsoft's Krishna Kumar.

**INDUSTRY ROUNDTABLE**  
Industry experts from Angie's List, Microsoft, Bluefish Wireless, and Mobi Wireless discuss their view of the future in technology.

**REGISTER ONLINE** Space is limited — register today.
